OpenLimit Holding AG: Maik Pogoda is the new CCO of the OpenLimit Group

(Baar, 09 April 2014) - With effect from the beginning of April 2014, Mr. Maik Pogoda is the new Chief Commercial Officer (CCO) and member of the OpenLimit Group Executive Committee. As CCO, Mr. Pogoda takes on responsibility for the areas of sales, marketing and business development. He succeeds CSO Andreas Eulenfeld, who left the company on 31 March 2014.

Maik Pogoda was born in Germany in 1965. After completing his studies in communications engineering, he held management positions with Deutsche Telekom, British Telecom and Bundesdruckerei GmbH (German Federal Printing Office). He was also Managing Director at D-Trust GmbH, a subsidiary of Bundesdruckerei GmbH. As Vice-President Global Programs and Services at HID Global Corporation, he was responsible for the development and implementation of a strategy for positioning HID in the eID/government segment. As Executive Partner at rwmp Innovations GmbH & Co. KG, his work included assuming the brief for the restructuring of the Hungarian Federal Printing Office (HBPC).

Mr. Pogoda is a member of the innovation forum Ost e.V. as well as being founder of the Oranienburg "Bürgerstiftung" (Citizens' Foundation) and member of the foundation's Board of Trustees.

"We are delighted to be able to welcome Mr. Pogoda as Chief Commercial Officer and member of our Management Board. With his outstanding technical expertise in the ITC and IT segments as well as his years of experience developing national and international structures both in industry and with public clients, he represents a valuable addition to our team.

We are convinced that Mr. Pogoda will make a fantastic addition to our management team and will significantly advance OpenLimit", says Marc Gurov. "On behalf of the entire Executive Committee and the Board of Directors of the OpenLimit Group, I would like to wish him the best of luck with the duties he has taken on."

About OpenLimit

OpenLimit SignCubes AG was founded in 2002 and is a wholly-owned subsidiary of the publicly traded company OpenLimit Holding AG. The company's headquarters are located in Baar, Switzerland, with a subsidiary in Berlin, Germany. The group of companies employs over 60 highly qualified staff.

OpenLimit stands for the secure electronic handshake. With our enabling technologies, we enable people and machines around the world to communicate in ways that are secure, verifiable and identifiable. We develop enabling technologies and products in the following areas: legally secure signature methods, digital long-term archiving, secure data transfer and digital identities. Our solutions are an integral component of products from leading manufacturers of IT applications and can be found in businesses, authorities, institutions and private households. To realize our mission of a secure electronic handshake, we enter into targeted strategic development and distribution partnerships.
