### **OpenLimit Holding AG: Available for the First Time as a Unified Solution: Automatic Document Creation and Electronic Signature**

Baar, Oct. 12., 2010

**E&E information consultants AG and OpenLimit consolidate their fields of competence and create a unique technology solution.**

Baar, October 12<sup>th</sup>, 2010 — the technology and consulting company, E&E information consultants AG, and the signature expert, OpenLimit, have signed a cooperation agreement. Signature products and the new German personal identity card can now be used with ESCRIBA, the technology solution for document processes developed by E&E. „The cooperation with E&E is a win-win situation, “ says Dirk Arendt, Vice President Business Development & Corporate Communications at OpenLimit. „The technology platform ESCRIBA with the integrated certified software components from OpenLimit add significant value to E&E. At the same time OpenLimit increases its sales opportunities in the SAP field. “

„The transparency and comprehensibility of document processes with ESCRIBA can be enhanced by using the signature technology of OpenLimit,“ explains Dr. Christian Behnke, Head of the Product Department at E&E AG. ESCRIBA is one of the leading technologies for the optimization of sophisticated, document-based business processes. With the help of ESCRIBA the document creation can be automated; rule-based and transparent coordination, approval, filing and archiving processes can be safeguarded. The cooperation will enable E&E AG to provide its clients with the wide range of technologies of OpenLimit in the near future.

As subcontractor, OpenLimit has developed the application software for the new personal identity card „AusweisApp“ as part of the contract of the German Federal Ministry of the Interior (BMI). The developers of OpenLimit also brought the proven expertise in this field into the cooperation.

Using consulting and technology solutions, E&E AG supports companies, institutions, organizations and public authorities to create sophisticated document processes and to realign central organizational units. The clients of E&E AG are companies such as the Deutsche Bahn, Siemens, UniCredit, Vattenfall and EAD, among others.

## **About E&E**

The solutions of the technology and consulting company, E&E AG, help companies, institutions, organizations and public authorities to make sophisticated document processes more professional, efficient and resource-saving. The technology platform ESCRIBA was developed for this purpose and has established itself as the technology and market leader in the document field since 2004. E&E CONSULTING supports, creates and optimizes business processes with the OPEX advisory approach and thereby enables the realignment of central business areas. In the E&E ACADEMY existing expertise and applied skills will be passed on to clients and partners.
